

Curriculum implementation monitoring tool

One page per module, each semester. Adapted from the EAA manual annex. Score 0 not in place, 1 partly, 2 fully. Write the evidence.

Module		Semester / cohort	
Monitored by		Date	

Area	Question	Score 0 to 2	Evidence and comment
Curriculum alignment	Does the content match the outcomes and build on prior learning?		
Instructional materials	Are materials aligned with the curriculum and appropriate for the students?		
Classroom instruction	Were methods and materials as planned? Time in class and in practice sufficient?		
Student engagement	Did students practise essential competencies and receive feedback? Enrolled versus completed?		
Student achievement	Do students demonstrate the expected knowledge, skills and attitudes?		
Feedback and assessment	Regular feedback given? Blueprinted exam, performance assessment, DOPS forms present?		
Professional development	Did teachers receive development for the methods the module requires?		
Context	Facilities, resources and equipment available? Clinical site practice consistent with teaching?		

Summary and actions

Total score (of 16)		Strengths	
Gaps		Actions, owner, date
